The Problem & Our Solution

Engineering Colleges Face These Challenges:

40+ hrs/month spent on manual administrative work	→	**95% time saved** with AI automation
Chasing fee defaulters manually	→	**35% faster** fee collection
At-risk students discovered too late	→	**AI alerts** in week 2
Fragmented data across systems	→	**Single platform** for all operations

One Platform, 9 Specialized Portals:

Platform Owner
Multi-college oversight

Principal
Institution leadership

HOD
Department management

Admin Staff
Daily operations

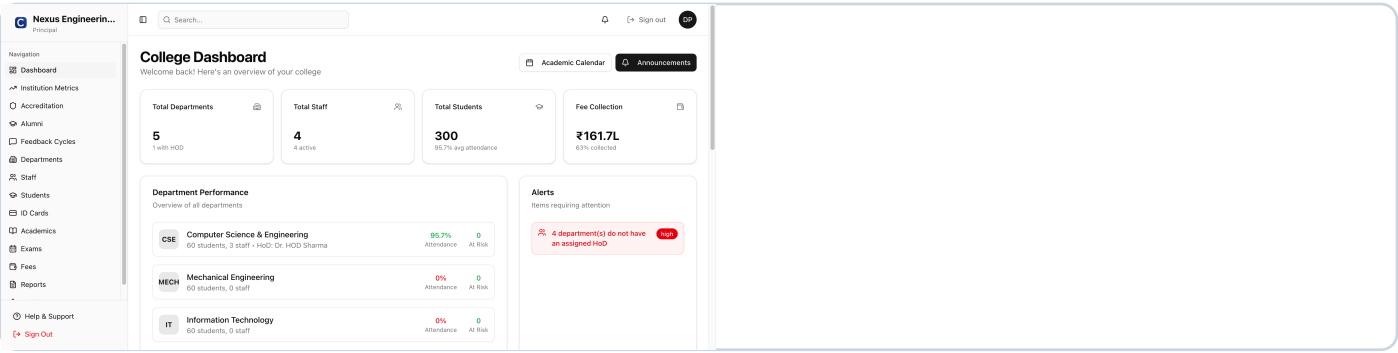
Teacher
Academic delivery

Lab Assistant
Practical sessions

Student
Learning & career

Parent
Monitor & pay fees

Alumni
Stay connected



Principal Dashboard - Complete institution visibility

Powerful Features & AI Capabilities

Predict Before Problems

40% fewer dropouts

AI identifies at-risk students in week 2, not semester end

Give Administrators Time

20 hrs saved/week

Automate attendance, fees, reports, and communications

See the Full Picture

Unified dashboard

Real-time metrics across academics, finance, and operations

Connect Every Stakeholder

9 portals

Parents, students, teachers, alumni - everyone connected

Enterprise Security

99.9% uptime

AES-256 encryption, AWS Mumbai, bank-grade security

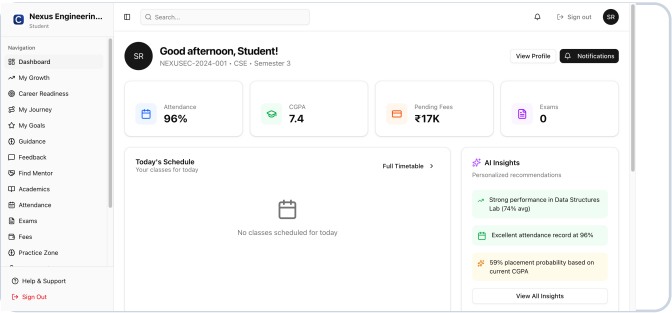
Turn Data Into Placements

+25% placement

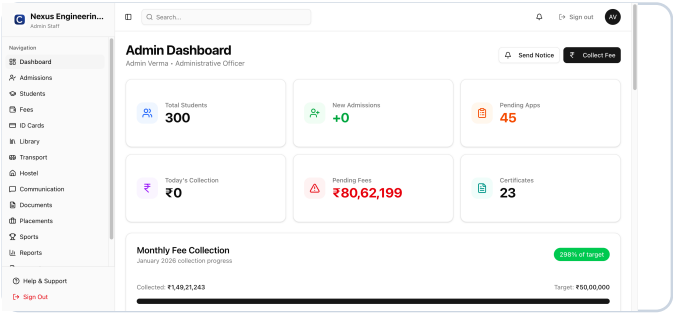
AI-powered career guidance and company matching

AI That Actually Works

85%	24/7	6
Prediction Accuracy	AI Chatbot Support	ML Models Built-in



Student Dashboard



Admin Dashboard

ROI That Speaks For Itself

+20%	40+ hrs	+15-20%	1,677%
Fee Collection	**Saved Monthly**	**Placement Rate**	**Typical ROI**
Online payments + auto-reminders	Per admin staff member	AI career guidance	Payback < 1 month

Simple, Transparent Pricing

Rs. 500 / student / year

All 20+ modules included | No hidden costs | 24/7 support

Go Live in 6 Weeks:

1. **Week 1-2** — Setup & Config
2. **Week 2-3** — Data Migration
3. **Week 3-4** — Training
4. **Week 4-6** — Pilot & Launch

Start with a 30-Day Free Pilot

100 students | Full features | No commitment
